

EPLING FAMILY COAT OF ARMS (2012)

By Walt Wright

This 16 X 20 painting shows well in practically any light level from a distance between four and six feet. The research for this painting was an adventure within itself. Once finding the standard coat of arms for the Epling family, my task was to create a slight modification for the current generation of the Epling family. I selected only to change the colors and style of the armament over the shield. The fierce lion is from the original coat of arms for this family.

Family is THE most important thing in any of our lives. It is sad that so many do not come to this realization in their early years. Now that Kenneth Epling is a proud grandfather (Pap-Paw) the family heritage is richer than ever. This painting was done in a manner that leads one to think it has been matted but once you notice my overlapping signature, the truth becomes evident. I proudly present The Epling Family Coat of Arms.
