

## Wyvern - Deception (2020)

By Walt Wright

This 11x14 acrylic painting depicts a small wyvern (or dragon) clinging to a mile marker which gives the distance to the church, one mile. His name is Deception and he can't be trusted. The sun is setting low over the deep jungle within the heartland of South America. The fog is rolling in and it will be dark soon. A mile may not seem very far away but with this creature stalking you, it will be a struggle. Temptation of drugs, untold riches, and more are his way of luring you off the path. Follow him and your destruction will be certain. It is best you ignore him and stay on the path. To increase your chance of survival I would suggest you run and don't look back.
