

Wyvern - Rage (2022)

By Walt Wright

This 11x14 acrylic painting depicts a very angry wyvern returning to its nest. The beast is furious over the destruction of her egg. Any mother would understand her rage. Such a vile act would bring about the wrath of any creature. Emotions can be hard to control in times such as this. I seriously doubt mankind will ever slay this beast. Injustice and violations infuriate us all.
