

Wyvern - Worries (2022)

By Walt Wright

I once heard a fellow golfer say "I leave my worries on the fifth green." Perhaps but worries have a way of finding you no matter where you may be. They trouble you relentlessly. They come in many sizes, shapes, and forms. This 11x14 acrylic painting depicts a nest of wyvern rising from beneath the fifth green, eager to find the one who left them there earlier. I seriously doubt humanity can defeat these creatures. The best we can do is hope we can avoid them.
